

NINGBO LINYA SWIMMING POOL AND
WATER TREATMENT EQUIPMENT CO. LTD.
PRODUCT: “STINGRAY FLAT UWL”

AUGUST 2018

Stingray flat underwater light.

The flat light is the best option for illuminating existing pools, quickly and conveniently adding light and life to your garden. Manufactured in polyamide and ABS, this light resists chemicals and temperature variations for years. It can be readily fitted to any existing pool, as it requires no niche for installation. The light is anchored directly to the wall with a reinforced plastic cross, anchor plugs and screws.

This ready to install light comes with 2.5m of cable and different options of LED plates, making it the best solution to start lighting up your pool.

STINGRAY underwater light has been designed for your eyes. Uses the highest quality material available. A smooth faceplate made in ABS and modern SMT plate to ensure the perfect fit to your swimming pool.
